

*As gifts are given and received this Holiday season, we think of the life-changing gift you have given OAS participants.*

It's that time of the year when we look back at all the things we've accomplished within the year and send our best wishes and thanks to everyone who has helped OAS raise the bar even higher in 2014 for adaptive athletes, their families and the community.

We anticipate even higher demand this year. We need your help to meet that demand. Our programs are costly, requiring specialized equipment, intensive training, and experienced instructors. Through ample scholarships, we strive to keep all of our programs affordable for our participants, many of whom live with financial hardships as well as their families as a result of their disability. OAS can only succeed in serving our participants with generous financial support from you.

Please consider a gift this year to OAS so that we may continue to increase our services and provide even more opportunities for personal achievement - opportunities in the outdoors that most of us take for granted. These opportunities translate into a more successful everyday life for our participants.

Thank you for helping make life better and more meaningful for thousands of people living with disabilities!

On behalf of the OAS team, we want to wish you a happy Holiday and a wonderful New Years.
